"Awesome Unique Gift! We were thrilled how this Nautical Wedding Framed Print turned out. The bride and groom seemed to really love it. It is so unique and classy looking with the Longitude and Latitude of their Wedding. Loved this idea from the moment I saw it at the Ocean City Greek Festival in August. Thanks for delivering such a nice looking item.

"Quality product. Very luxurious! We saw these prints at a Home Show in Ocean City, MD. We were impressed and thought they would make a great present for that special person. That was an understatement. We purchased two personalized prints. After ordering we received a confirmation email, then a proof approval email. That was followed by a phone call to make sure we received the proof and discussed our order. What great personal service! We received our order within two days. It was packed in a box better than any package I had ever received. They obviously take pride in their work. After opening I can see why. Absolutely fantastic. The prints are very luxurious. You will not be disappointed. We look forward to placing another order when the opportunity presents itself. THANKS!"
